REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art of record fairly discloses or renders obvious the claimed method of removing phosphorus from water to be treated, which comprises immersing a multi-electrode system into a tank, said multi-electrode system comprises an arrangement in which plural cathode are arranged to a single anode, or plural anodes are arranged to a single cathode, and each electrode can be operated independently. Further, the prior art newly supplied by applicant removes the phosphorus from water by dissolving iron or aluminum by electrolysis to form precipitates, whereas, the present method utilizes the application of DC voltage to generate hydroxide ions to precipitate phosphate ions in the water as a salt slightly soluble in the water.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
